Good evening madam. We have a family wedding in Madurai from 15th to 17th December. My son will be absent on those days. Can he write the Physics pre-board after he comes back? Please let me know. Thank you.

Madam, I work on Saturdays in a shift, so it is difficult for me to come for the PTM. Is there any other day I can meet you? I want to know why his marks are going down and what to do before the board exam. His father is out of station.

Hello ma'am. Please share the marks of the class topper and the first 5 ranks in Physics half-yearly so that we can compare and motivate our daughter. She feels she is not doing well.

Ma'am, my son is preparing for JEE Main. His coaching centre has suggested full-time preparation in January. Can he stay at home in January and come only for the exams? His attendance is good till now.
